- ✓ Identification documents of shipowner
- ✓ Certificate of registration
- ✓ Evidence of cancellation of ship radio station / call sign / Maritime Mobile Service Identity (MMSI)

Proposed Cooperation

- AMS Registrar of vessel which is intended to change the flag is requested to inform the Registrar of prospective flag as soon as the deletion certificate is issued by the former.
- AMS Registrar of new registration (in case of second-hand ship) is requested to inform the Registrar who issued the deletion certificate at the earliest opportunity.
- If the deletion certificate (which is now digitalized and can be retrieved any time) is used for registration with several flag at the same time, both AMS Registrar who issued such deletion certificate and AMS Registrar who issued new certificate of registration should cooperate in verifying such circumstances in order to prevent double registration.
