RESEARCH ANALYST – POWER SECTOR

Established on 1 January 1999, the ASEAN Centre for Energy (ACE) is an intergovernmental organisation that independently represents the 10 ASEAN Member States' (AMS) interests in the energy sector. The Centre serves as a catalyst for the economic growth and integration of the ASEAN region by initiating and facilitating multilateral collaborations as well as joint and collective activities on energy. It is guided by a Governing Council composed of Senior Officials on Energy from each AMS and a representative from the ASEAN Secretariat as an *ex-officio* member. Hosted by the Ministry of Energy and Mineral Resources of Indonesia, ACE office is located in Jakarta.

Part of the efforts to fulfil its function as a regional centre of excellence that builds a coherent, coordinated, focused and robust energy policy agenda and strategy for ASEAN, the Policy Research and Analytics (PRA) Programme of the ACE is conducting joint studies, policy dialogues and capacity buildings for ASEAN Member States to support the implementation of the ASEAN Plan of Action for Energy Cooperation (APAEC) 2016-2025.

To support the implementation of the APAEC 2016-2025 Programme Area No. ASEAN Power Grid (APG), currently PRA is working on the number of the research project on the power sector.

ACE would like to invite ASEAN nationals ONLY to apply for the position of Research Analyst – Power Sector for ACE.

POSITION IDENTIFICATION

Job Title : Research Analyst – Power Sector
Level : Technical Officer/Senior Officer*
Department : Policy Research and Analytics (PRA) Programme
Reporting To : Manager of Policy Research and Analytics

** position is open for both Technical Officer and Senior Officer, to be assessed based on the qualification and experiences of the candidates in-line with the ACE Rules and Procedures.*

PRIMARY FUNCTION

Research Analyst – Power Sector (SO/TO) shall assist the Manager for Policy Research and Analytics (PRA) Programme in handling all power sector's related researches to support the implementation of the APAEC 2016-2025 Programme Area No. 1 ASEAN Power Grid (APG), including but not limited to the ASEAN Interconnection Masterplan Study (AIMS) III under the support of the USAID Clean Power Asia, and the Feasibility Study on Multilateral Power Trade under the cooperation with the International Energy Agency (IEA).

Research Analyst – Power Sector will perform the following core activities:

- Conduct the research on power sector issues, in particular the AIMS III and FS Multilateral Power Trade.
- Support the collection, verification and management of the power sector related data under the ASEAN Energy Database System (AEDS) <http://aeds.aseanenergy.org>.
- Support the development of ASEAN Energy Outlook, including related work on power system modelling.
- Support the broader activities of the ACE through analytical contribution, analytical articles for website and briefs on all aspect of energy trend scenarios.
- Collaborate with other Departments in ACE and represent ACE in official meetings and also various national, regional, and international events on energy.
- Build the partnerships and collaboration with various international institutions working on power sectors.

QUALIFICATION REQUIREMENTS

Technical skills:

- An advance university degree(s) in a topic relevant to power sector modelling, power modelling, energy and economic.
- Experience in the basic use of power sector modelling and power market.
- Knowledge of GIS would be considered an advantage.

Other skills:

- Ability to work accurately, pay attention to detail and meet deadlines, as well as organise work efficiently and deal simultaneously with a wide variety of tasks.
- Excellent interpersonal attribute including: sensitivity, sound and strong organisational and leadership capability, able to work effectively and efficiently in a multicultural environment, including in liaising with contacts in National Focal Points on Energy Statistics and other relevant institutions.

- Promote open reporting culture, that is transparent, compliant and having integrity.

Language proficiency:

- Excellent written and spoken English.

The successful candidate will be stationed in Jakarta, Indonesia, and will be offered a 2-years' contract, with a probationary period of 3 (three) months. The contract may be extended by the Executive Director depending on the performance and continuation of projects.

The salary shall be commensurate with the educational qualification and experience of the candidate. All other applicable benefits shall be subject to the ACE consolidated rules and regulation.

Send your cover letter to hr@aseanenergy.org by **25 January 2019** the latest, highlighting your suitability and potential contribution to the position together with **(1) a detailed CV using ACE official application form (download [here](#)), and (2) authentic copies of educational certificates obtained**. Incomplete applications will not be considered, and only shortlisted candidates will be notified.
