

# Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of October 12, 2020 (2:00 PM GMT+8)

## COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 37.6 million cases and more than 1.07 million deaths attributed to COVID-19.
- South Korean drugmaker Celltrion said on Monday (October 12) that it has received regulatory approval for Phase 3 clinical trials of an experimental COVID-19 treatment. The approval comes as the company plans to seek conditional approval for its antibody drug, CT-P59, by the end of this year. The treatment, the most advanced antibody drug in terms of research in South Korea, is directed against the surface of the virus and designed to block it from locking on to human cells. The third stage trials will be conducted on about 1,000 asymptomatic coronavirus patients and those who have come into close contact with COVID-19 patients in Korea.
- The Jakarta Governor has once again relaxed large-scale social restrictions (PSBB) in the capital and will start another transitional phase starting today (October 12) despite the more than 1,000 new COVID-19 cases confirmed daily. This transitional period will last at least until October 25. The governor also said that the decision was made based on the number of daily new cases, the daily mortality rate and the trend of total active cases that has flattened during the past few weeks, as well as the increased hospital capacity for COVID-19 patients. During the transitional period, workplaces in 11 essential industries — including health, food, energy, communications, finance, logistics and daily needs retail — will be allowed to operate at full capacity, while non-essential businesses may allow up to 50 percent of their employees to work at the office. Restaurants will be allowed to serve dine-in customers at 50 percent of their maximum capacity, while houses of worship are also allowed to reopen. Indonesia Health Ministry reported on Sunday (October 11) 4,497 new COVID-19 cases, bringing the country's total number of cases to 333,449.
- According to the Senior State Health Official of Myanmar on October 11, the COVID-19 infection rate in Rakhine State has plateaued at 15% for every 100 people. The country has reported 1,910 new COVID-19 cases, bringing the country's total number of cases to 27,974.

### Travel Advisories (new update/s)

- Indonesia: Indonesia has completed negotiations to establish a travel corridor with Singapore to facilitate urgent diplomatic missions and essential business trips between the two countries amid the ongoing COVID-19 crisis. Indonesia's Foreign Minister said at a press conference today (October 12) that the arrangement, dubbed the Reciprocal Green Lane (RGL), would come into effect on October 26. She added that the travel corridor was limited to pressing diplomatic and business trips and did not cover tourism. According to the ministry, Indonesian citizens seeking to enter Singapore via the corridor will be required to have official sponsors from Singaporean state agencies and enterprises, in addition to a safe travel pass.

### Cases and Deaths as of 12 October 2020

- As of October 12 (2PM, GMT+8), worldwide, there were **37,741,594** confirmed cases, including **1,087,996** deaths. Globally, Case Fatality Rate (CFR) is **2.88**.

- In **China**, there were **91,359** confirmed cases with **4,746** deaths, including deaths in Hong Kong (105) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (5,183), Macau (92), and Taiwan (527).
- **779,494 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **19,092 deaths**.

				<b>779,494</b>	<b>9,484</b>	<b>19,092</b>	<b>212</b>				

\*The calculated CFR is based on reported deaths and reported case counts, and does not account for recovered cases over time or rate of testing in a particular region

\*\*Rt Transmission Rate: the average number of secondary cases caused by each infectious individual, based on the daily incidence of new cases over the previous seven days

- **36,870,741 confirmed cases** of COVID-19 have been reported in **206 countries/states** (other than China, Hong Kong, Taiwan, Macau, and ASEAN countries):
