

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of October 7, 2020 (2:00 PM GMT+8)

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 35.9 million cases and more than 1.05 million deaths attributed to COVID-19.
- Indonesia's Food and Drug Monitoring Agency (BPOM) has issued emergency use authorization (EUA) for two antiviral drugs, favipiravir and remdesivir, to treat COVID-19 patients. The BPOM also granted permits in September to several pharmaceutical companies to produce the drugs. PT Beta Pharmakon (Dexa Group) received a permit to produce favipiravir, locally sold under the Avigan brand. State-owned drug manufacturer PT Kimia Farma received the permit to produce a generic favipiravir products.
- Malaysia on Tuesday (October 6) reported 691 new COVID-19 cases, the country's biggest daily jump since the start of the pandemic. Three of the 691 new cases were imported, while the rest were locally transmitted. As of October 6, Malaysia has reported a total number of COVID-19 cases to 13,504. Despite the sharp increase in COVID-19 cases in Malaysia, Malaysia's Prime Minister said on Tuesday (October 6) that the government has not considered enforcing a nationwide lockdown again. The Prime Minister, in his address, explained that instead of a nationwide MCO, authorities would instead enforce targeted enhanced MCO (TEMCO) in areas with a high number of cases.
- The Philippine government will once again reconsider reducing the one-meter physical distancing policy among passengers of public utility vehicles (PUVs) as it sets its sights on further reopening the COVID-19 pandemic-hit economy. According to Cabinet Secretary and the Co-chair of the Inter-Agency Task Force on Emerging Infectious Diseases (IATF), public transportation capacity must be increased to help people go back to their jobs. He noted that the move is in line with the implementation of the government's National Action Plan Phase 3, which shifts more to reopening the economy while managing the risk of COVID-19. Early October, the government announced that Metro Manila, Batangas, Tacloban City, Bacolod City, Iligan City and Iloilo City will stay under general community quarantine (GCQ). As October 6, the government has reported 2,093 new COVID-19 cases, bringing the total number of COVID-19 cases in the country to 326,833.

Travel Advisories (new update/s)

- Indonesia: According to the country's Foreign Minister on October 6, Indonesia is in the final phase of negotiating a "reciprocal green lane" (RGL) with Singapore to allow essential travel between the two countries.
- Thailand: The Thai government is considering further easing entry restrictions for foreign travellers coming to conduct business in the country. Currently, around 11,000 businesspeople and work permit holders have been granted entry by the Centre for Covid-19 Administration Situation since they started allowing some foreigners back into the country after July. All arrivals have to submit to a mandatory 14-day quarantine, as does anyone arriving from overseas at the moment. They will also have to undergo extensive COVID-19 testing, prior to departure from country of origin, again on arrival in Thailand, and several times while in quarantine and before being released from quarantine.
- Japan and South Korea: Both countries have agreed on Tuesday (October 6) to restart travel between the two countries for short- and long-term business travellers.
