

Risk Assessment for International Dissemination of COVID-19 to the ASEAN Region

ASEAN Biodiaspora Virtual Center (ABVC)

as of December 2, 2020 (2:00 PM GMT+8)

Canada

COVID-19: Highlights and Situation Overview

- Worldwide, there have been over 64 million cases and more than 1.48 million deaths attributed to COVID-19.
- 5,092 new cases were reported in Indonesia. The country confirmed 6,267 cases on November 29, representing a record-high number of cases reported within a 24-hour period since the beginning of the outbreak. The test positivity rate in the past 14 days stands at 13%, suggesting a growing epidemic and indicating that the true extent of virus spread may be under-detected. Four provinces, including Jakarta, East Java, West Java, and Central Java account for more than 50% of the cumulative cases in the country. In the past month, Jakarta and East Java have seen fluctuating numbers of daily new cases, while West Java and Central Java are experiencing significant surges. The Jakarta Provincial Government has extended the Large-Scale Social Restrictions transition for another two weeks until December 6. The average bed occupancy rate has increased from 56% as of November 9 to 73% as of November 23 across 98 Jakarta treatment centers. The local government in Jakarta says that the current infection rate is still not sufficiently controlled to lift the semi-lockdown, despite a recent stabilization in trends.
- Vietnam reported two more coronavirus cases on Tuesday (December 1) linked to a rare domestic infection in its commercial hub Ho Chi Minh City, while the government urged public vigilance and tighter enforcement of health measures. The country is now back on high alert after confirming on Monday the country's first community infection in 89 days, prompting the closure of several places in the densely-populated southern city. The community case, a 32-year-old man, tested positive after visiting a flight attendant who was undergoing self-quarantine at his home following his return from Japan two weeks ago. The flight attendant tested positive on Saturday.
- Philippines' President said in a late-night press on Monday (November 30) that partial coronavirus restrictions will remain in the capital region until the end of the year, with the government urging Filipinos to limit Christmas gatherings to prevent a post-holiday surge in COVID-19 cases.

Vaccine Update

- On November 30, Moderna applied for Emergency Use Authorization (EUA) of its vaccine candidate to the Food and Drug Administration (FDA) in the United States, joining Pfizer/BioNTech who already did so on November 20. Moderna submitted an expanded data set showing 94.1% effectiveness of its candidate in preventing COVID-19 disease manifestation and 100% effectiveness at preventing severe cases of COVID-19 from the presence of SARS-CoV-2 among adult study subjects without prior evidence of infection. The FDA is set to meet with its advisory committee on December 10 to review Pfizer/BioNTech and Moderna's applications. The vaccines from Pfizer/BioNTech and Moderna will be shipped out to the U.S. as soon as FDA grants the EUA. According to Dr. Moncef Slaoui, the chief scientific adviser of Operation Warp Speed, a public-private partnership to accelerate the development of vaccines, the amount of vaccines is still limited in comparison to the need. While 120 million people are at risk in the U.S., only 40 million doses of vaccine will become available at the end of December. Those over 65,

health care workers, and frontline essential workers are first in line to be vaccinated. Most Americans will not be likely to be able to access vaccines until April or May 2021.

Travel Advisories (new update/s)

- Singapore: Singapore and Hong Kong on Tuesday (December 1) indefinitely delayed a "travel bubble". The arrangement allowing people to travel between the financial hubs without quarantining had been due to launch on November 22, but was postponed for two weeks as Hong Kong saw a sudden spike in cases. On Tuesday, both cities announced that the bubble would be further deferred to an unspecified date beyond 2020. The decision was taken "in view of the severity of the epidemic situation in Hong Kong with the number of local cases of unknown sources increasing rapidly," the Hong Kong government said in a statement.
- Vietnam: Vietnam has temporarily suspended all inbound international commercial flights from December 1, except for repatriation flights, as a result of the new local community transmission cases.

Cases and Deaths as of 02 December 2020

- As of December 02 (2PM, GMT+8), worldwide, there were **64,168,507** confirmed cases, including **1,485,698** deaths. Globally, Case Fatality Rate (CFR) is **2.32**.
- In **China**, there were **93,664** confirmed cases with **4,650** deaths, including deaths in Hong Kong (109) and Taiwan (7). Confirmed cases in China include confirmed cases in Hong Kong (6,397), Macau (46), and Taiwan (679).
- **1,200,361 confirmed cases** of COVID-19 have been reported in the ASEAN region with a total of **27,961 deaths**.

REGION	COUNTRY	FIRST CONFIRMED CASE(S)	LATEST REPORT ON CONFIRMED CASE(S)	TOTAL CONFIRMED CASES	NEW CASES (7-DAY ROLLING AVERAGE)	TOTAL DEATHS	NEW DEATHS (7-DAY ROLLING AVERAGE)	CASE FATALITY RATE	REPORTED CASES/ 100,000	REPORTED TESTS/ 100,000	RT MEAN**
