Project Title	**Assessment of the Alignment of the Cambodia, Lao PDR, Myanmar, Viet Nam (CLMV) National Good Animal Husbandry Practices (GAHP) with the ASEAN GAHP**
Project Area	Food and Agriculture
Beneficiary Countries	CLMV
Source of Funding	Australia (AADCP II)
Approved Budget	USD 250,000

Project Description	**Activities:**
	
	• Desk research and interviews to identify alignment gaps in existing GAHP schemes with the ASEAN GAHP for layers and broilers
	• CLMV regional workshops and national consultations to:
	  o Verify and agree on the results and recommendations of the alignment assessment;
	  o Design a detailed implementation work plan for the implementation of a national GAHP that is aligned with the ASEAN GAHP; and
	  o Identify common technical assistance and capacity building needs.
	• Technical assistance to support the drafting and/or update national GAHP schemes with ASEAN GAHP.
	
	Outputs:
	
	i) Assessment report of each CLMV country's national GAHP scheme and its alignment with the ASEAN GAHP for Layers and Broilers (both food safety and animal welfare modules).
	ii) Reports on technical assistance provided to each CLMV country to support the development of guidelines and/or regulation to establish national GAHP schemes that are aligned with the ASEAN GAHP.
	iii) National implementation work plan for implementing a national GAHP scheme in each CLMV country that is aligned with ASEAN GAHP.

Objective	The goal of this project is to support the implementation of the ASEAN GAHP for Layers and Broilers. As a result of this project, it is expected that relevant government officials in Cambodia, Lao PDR, Myanmar and Viet Nam will: i) have a better understanding of the current status of their respective country's alignment of GAHP standards for Layers and Broilers and/or relevant legislation and guidelines with the ASEAN GAHP, and ii) be better equipped with clearer information on additional requirements on regulations, guidelines and laws essential for aligning national GAHP schemes with ASEAN GAHP.
Implementation Status	The project is scheduled to implement in 2018.
