COVID-19 Situational Report in the ASEAN Region
ASEAN Biodiaspora Virtual Center (ABVC)
as of September 15, 2021
COVID-19: Highlights and Situation Overview

Global Update
- Worldwide, there have been over 226 million cases and over 4 million deaths attributed to COVID-19.

Regional Update
- Singapore has kicked off its national COVID-19 vaccine booster programme on September 15 (Wednesday), with more than 100 seniors having taken their shot. Over the next few days, a total of 140,000 seniors will receive invitations from the Ministry of Health (MOH) to make an appointment to receive their booster dose of either the Pfizer-BioNTech or Moderna vaccine. Seniors can also receive their third dose at Tanjong Pagar Community Club and some vaccination centres, polyclinics and participating Public Health Preparedness Clinics.
- Malaysia’s National Security Council (NSC) announced on September 14 that five localities in Sabah will be placed under an enhanced movement control order (MCO) starting September 16. The affected areas are Kampung Kiragawan and Kampung Pinatau in Kota Marudu, Kampung Nuntunan Apin-Apin in Keningau, Kampung Lungkiday in Ranau and Ruku-Ruku Boustead Plantation staff quarters in Telupid. Kampung Bahagia in Kuala Krai, Kelantan and Kampung Tementong in Lipis, Pahang will also be placed under the enhanced lockdown. The enhanced MCO for all the localities will take effect for 14 days until September 29. Meanwhile, Malaysia’s government on September 15 (Wednesday) handed medical equipment and supplies to Indonesia to help the country fight against the COVID-19 pandemic. Malaysia’s aid to Indonesia comprised of ISO tank containers with liquid oxygen, oxygen concentrators, therapeutic medicines and disposable medical items. Today’s donation marked the first of several batches to be sent in stages to Indonesia, which is expected to be completed by the end of this month.

Vaccine Update
- Malaysia’s Special Committee on COVID-19 Vaccine Supply (JKJAV) reported that a total of 17,653,079 individuals or 54.1% of Malaysia’s population have been fully vaccinated against COVID-19 while or 21,649,228 individuals or 66.3% have received at least one dose of COVID-19 vaccine as of September 14 (Tuesday). As for the daily vaccination, a total of 243,971 doses of vaccine were administered on September 14, bringing the total of doses administered under the National COVID-19 Immunization Programme (NIP) to 39,234,306.
- Vietnam on September 14 (Tuesday) received two shipments of AstraZeneca COVID-19 vaccines donated by the governments of France and Italy through the COVAX Facility. With the delivery of vaccines donated by the governments of France and Italy, Vietnam has received over 11.7 million doses of COVID-19 vaccines via the COVAX Facility. To date, over 30 million COVID-19 vaccine doses have been administered in Vietnam wherein over 5.5 million received their second doses or have completed their vaccine regimen. The additional vaccines will help the Ministry of Health to expand coverage and reach more people from priority groups, including the elderly and those with underlying conditions, contributing to attaining the country’s target of vaccinating more than 70% of the population by the end of the first quarter of 2022.
- Cambodia’s Prime Minister has permitted COVID-19 vaccinations for over 1.8 million children aged 6-11 across the country starting September 17 in order for them to return to school. The prime minister noted that the Chinese-made Sinovac vaccines will be used for this age group and that COVID-19 vaccinations for these age groups have already been carried out in some countries.
Travel Advisories (new update/s)

- Malaysia: The Ministry of Health said that travellers going to Langkawi under the travel bubble scheme which starts on September 16 (Thursday) must get tested for COVID-19 before departure. In a statement, Health Minister said that this can be done using RT-PCR or RTK-Antigen tests. The minister also noted that the government has made a decision to make it compulsory for all travellers who will be going to Langkawi starting this Thursday to undergo a COVID-19 test and must yield a negative result before departure.

Cases and Deaths as of 15 September 2021

- As of 15 September 2021 (2PM, GMT+8), worldwide, there were 226,853,155 confirmed cases, including 4,664,899 deaths. Globally, Case Fatality Rate (CFR) was 2.1.
- In China, there were 123,650 confirmed cases with 5,688 deaths, including deaths in Hong Kong (213) and Taiwan (839). Confirmed cases in China include confirmed cases in Hong Kong (12,149), Macau (63), and Taiwan (16,098). CFR was 4.6.
- 11,125,043 confirmed cases of COVID-19 have been reported in the ASEAN region with a total of 245,934 deaths, with a CFR of 2.2.

COVID-19 Epi curve among ASEAN Countries
as of 14 September 2021

Confirmed COVID-19 cases reported in the ASEAN region by date of report through September 14, 2021

Generated by ASEAN Biodiaspora Virtual Center (ABVC)
7-Day Rolling Average of COVID-19 new cases as of 14 September 2021
COVID-19 Vaccination Status
as of 14 September 2021

- Vietnam: 5,430 (Fully vaccinated/100,000), 24,400 (Cumulative vaccinated/100,000)
- Thailand: 17,670 (Fully vaccinated/100,000), 39,030 (Cumulative vaccinated/100,000)
- Singapore: 75,930 (Fully vaccinated/100,000), 78,740 (Cumulative vaccinated/100,000)
- Philippines: 15,380 (Fully vaccinated/100,000), 16,840 (Cumulative vaccinated/100,000)
- Myanmar: 3,280 (Fully vaccinated/100,000), 8,130 (Cumulative vaccinated/100,000)
- Malaysia: 53,330 (Fully vaccinated/100,000), 65,830 (Cumulative vaccinated/100,000)
- Lao PDR: 25,210 (Fully vaccinated/100,000), 35,920 (Cumulative vaccinated/100,000)
- Indonesia: 15,320 (Fully vaccinated/100,000), 26,720 (Cumulative vaccinated/100,000)
- Cambodia: 56,850 (Fully vaccinated/100,000), 67,690 (Cumulative vaccinated/100,000)
- Brunei: 53,540 (Fully vaccinated/100,000), 32,200 (Cumulative vaccinated/100,000)

</table>

- **Requirement:**
  - At least **80% of the high-risk population has been vaccinated** with at least one dose of a COVID-19 vaccine.
  - At least **65% of the total population has a level of immunity** to COVID-19; either recovered from COVID-19 or have been vaccinated with at least one dose of a COVID-19 vaccine.

- **Case levels are generally low** (a 7-day rolling average number of daily new cases that is <10 cases per 100,000, with each day’s past-14-day test positivity is consistently <5%).
