Date: 20 June 2022

1 Overview of the British Council

1.1 The British Council is the UK’s international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust..

1.2 We work with over 100 countries across the world in the fields of arts and culture, English language, education and civil society. Last year we reached over 80 million people directly and 791 million people overall including online, broadcasts and publications. Founded in 1934, we are a UK charity governed by Royal Charter and a UK public body. Further information can be viewed at www.britishcouncil.org.

2 Introduction and Background to the Project / Programme

The Support to Higher Education in the ASEAN Region (SHARE) Programme is the European Union’s flagship higher education programme with ASEAN since 2015.

SHARE supports the ASEAN Secretariat and ASEAN stakeholders to enable greater harmonisation and internationalisation of ASEAN higher education. It aims to catalyse the transfer of ownership of programme key achievements to ASEAN entities and nominated organisations to be embedded within sustainable ASEAN-led structures and processes. The SHARE Programme is fully committed to the implementation of the third ASEAN Work Plan on Education 2021 – 2025 for the duration of its extension.

The SHARE Consortium - comprised of the British Council, the DAAD, ENQA, and Nuffic - brings to bear its collective expertise and experience across the full scope and dimensions of international education in line

with the further development of an ASEAN Higher Education Space and an ASEAN branded scholarship scheme, in collaboration with the ASEAN Secretariat and ASEAN stakeholders.

The overall objective of the SHARE Programme Extension is to strengthen regional cooperation, enhance the quality, regional competitiveness and internationalisation of ASEAN higher education institutions contributing to an ASEAN Community in 2025 and beyond.

The overall purpose of the SHARE Programme is:

- To enhance the harmonisation of ASEAN Higher Education area through the formulation of ASEAN Higher Education frameworks, taking into account the EU experience and promotion of equal access for girls and women to quality Higher Education free from discrimination; and
- To support mutual recognition, student mobility and equal opportunities for all, including female students and people with disabilities, among HEIs in ASEAN, and to strengthen people-to-people connectivity.

The expected results are:

- Enhanced opportunities for policy dialogue on strategic issues (including equal opportunities and gender equality) of harmonisation of ASEAN higher education involving variety of stakeholders including ASEAN and EU as required;
- ASEAN Qualifications Reference Framework and ASEAN Regional Quality Assurance including disaggregated data collection further developed and supported;
- ASEAN Credit Transfer System (ACTS) and ASEAN-EU Credit Transfer System (AECTS) further developed and tested through mobility with scholarships.

The current phase of the SHARE Programme sees the Programme providing further technical assistance to the ASEAN Secretariat and regional stakeholders in their implementation of the **ASEAN Work Plan on Education 2021-2025**, which was adopted by the ASEAN Education Ministers Meeting (ASEM) on 31 May 2021. As a key sector for the ASEAN region, Higher Education is incorporated in the Work Plan through 'Outcome 3: *Enhanced regional capacity in higher education as part of lifelong learning provision, including the harmonisation of ASEAN higher education.*

There is a need for technical assistance particularly on an updated report on the State of Play on Higher Education in the ASEAN region. This is considering that the UNESCO Asia-Pacific Bureau for Education and SEAMEO RIHED's 'Higher Education in South-East Asia' report and the Asian Development Bank's 'Higher Education Across Asia: An Overview of Issues and Strategies' report, were published over ten to fifteen years ago in 2006 and 2011 respectively.

There is a need for a renewed assessment of the state of higher education in the ASEAN Region, and a look into the challenges and opportunities in sustaining ASEAN higher education developments post-SHARE programme in the ASEAN region through the provision of the ongoing development and sustainability of intra-ASEAN student mobility and an ASEAN Branded Scholarship Programme. This state of play of higher education report in ASEAN will include thematic analysis of challenges and opportunities in higher education inclusion, equity, relevance to the changing world of work, and sustainability of an ASEAN Higher Education Common Space. The report will significantly contribute to guiding higher education policy development and reforms in the ASEAN region.

respond to clarification requests and will respond if the question is appropriate and received before the Clarification Deadline.

12.2 Any clarification requests should clearly reference the appropriate paragraph in the RFP documentation and, to the extent possible, should be aggregated rather than sent individually.

12.3 The British Council reserves the right to issue any clarification request made by you, and the response, to all potential suppliers unless you expressly require it to be kept confidential at the time the request is made. If the British Council considers the contents of the request not to be confidential, it will inform you and you will have the opportunity to withdraw the clarification query prior to the British Council responding to all potential suppliers.

12.4 The British Council may at any time request further information from potential suppliers to verify or clarify any aspects of their Proposal or other information they may have provided. Should you not provide supplementary information or clarifications to the British Council by any deadline notified to you, your Proposal may be rejected in full, and you may be disqualified from this Procurement Process.

13 Evaluation Criteria

13.1 You will have your Proposal evaluated as set out below:

Stage 1: Proposals will be checked to ensure that they have been completed correctly and all necessary information has been provided. Responses correctly completed with all relevant information being provided and all mandatory requirements as outlined in Section 8 met will proceed to Stage 2. Any Proposal not correctly completed in accordance with the requirements of this RFP and/or containing omissions may be rejected at this point. Where a Proposal is rejected at this point it will automatically be disqualified and will not be further evaluated.

Stage 2: If a bidder succeeds in passing Stages 1 of the evaluation, then it will have its Proposal evaluated in accordance with the evaluation methodology set out below.

13.2 Award Criteria – Responses from potential suppliers will be assessed to determine the most economically advantageous proposal using the following criteria and weightings and will be assessed entirely on your response submitted:

Criteria	Weighting
Research proposal	70%
Commercial	20%
Social Value	10%

13.3 Scoring Model – Proposals will be subject to an initial review at the start of Stage 2 of the evaluation process. Any Proposals not meeting mandatory requirements or constraints (if any) will be rejected in full at this point and will not be assessed or scored further. Proposals not so rejected will be scored by an evaluation panel appointed by the British Council for all criteria other than Commercial using the following scoring model:

Points	Interpretation
10	Excellent – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas evidence requested in the level of detail requested. This, therefore, is a detailed excellent response that meets all aspects of the requirement leaving no ambiguity as to whether the bidder can meet the requirement.
7	Good – Overall the response demonstrates that the bidder meets all areas of the requirement and provides all of the areas of evidence requested, but contains some trivial omissions in relation to the level of detail requested in terms of either the response or the evidence. This, therefore, is a good response that meets all aspects of the requirement with only a trivial level ambiguity due the bidders failure to provide all information at the level of detail requested.
5	Adequate – Overall the response demonstrates that the bidder meets all areas of the requirement, but not all of the areas of evidence requested have been provided. This, therefore, is an adequate response, but with some limited ambiguity as to whether the bidder can meet the requirement due to the bidder's failure to provide all of the evidence requested.
3	Poor – The response does not demonstrate that the bidder meets the requirement in one or more areas. This, therefore, is a poor response with significant ambiguity as to whether the bidder can meet the requirement due to the failure by the bidder to show that it meets one or more areas of the requirement.
0	Unacceptable – The response is non-compliant with the requirements of the RFP and/or no response has been provided.

13.4 Commercial Evaluation – Your “Overall Price” (as calculated in accordance with requirements of Annex [3] (Pricing Approach) for the goods and/or services will be evaluated by the evaluation panel for the purposes of the commercial evaluation, further information on this approach may be available in Annex 3. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the British Council as part of the pricing approach, the British Council may reject the full Proposal at this point. The British Council may also reject any Proposal where the Overall Price for the goods and/or services is considered by the British Council to be abnormally low following the relevant processes set out under the procurement rules. A maximum offer score of 10 will be awarded to the Proposal offering the lowest “Overall Price”. Other Proposals will be awarded a mark by application of the following formula: (Lowest Overall Price/Overall Price being evaluated) x 10 (rounded to two decimal places) = commercial score.

13.5 Moderation and application of weightings – The evaluation panel appointed for this Procurement Process will meet to agree and moderate scores for each award criteria. Final scores in terms of a percentage of the overall Proposal score will be obtained by applying the relevant weighting factors set out as part of the award criteria table above. The percentage scores for each award criteria will be amalgamated to give a percentage score out of 100.

13.6 The Winning Proposal(s) - The winning Proposal shall be the Proposal scoring the highest percentage score out of 100 when applying the above evaluation methodology, which is also supported by any required verification evidence (to include, without limitation, any updated information)] obtained by the Authority relating to any self-certification or other requirements referred to at any time in this Procurement Process.
