

Invitation to undertake Project for Technical Assistance on Developing Bond Market for Lao PDR Phase X

We are pleased to announce that the selection of consultant/consulting firm to undertake the Project for Technical Assistance on Developing Bond Market for Lao PDR Phase X, to be funded by the Japan-ASEAN Financial Technical Assistance (JAFTA) Fund, is now open.

The Project for Technical Assistance on Developing Bond Market for Lao PDR Phase IX will cover the following:

- i. Determination of the interest rate to encourage investors to choose to invest in or continue to invest in government bonds.
- ii. Report paper of future direction on Government Yield Curve as a guide to further development.
- iii. Report on the analysis and suggestion of the gaps in Lao prospectus.
- iv. Pilot corporate bond issuance in Lao capital market by CGIF guarantee, financial support, and others.
- v. Study actual practice and experiences from successful countries for Green Bond issuance such as Cambodia.
- vi. Report on the amendment of the relevant regulations of LSCO and relevant authorities for implementing SSF.
- vii. Seminar/webinar/workshop(s) on the abovementioned and other relevant topics.

We invite interested consultant's/consulting firms to submit to us a project proposal (not exceeding 5 pages) on the topic together with the relevant C.V.s by **01 November 2023** at the latest. We urge the applicants to come up with professional and innovative ideas to be implemented in this Project. This information can be sent to Mr. Renz Calub (renz.calub@asean.org) with copy to Mr. Marvin Castell (marvin.castell@asean.org).

This job opportunity is available for Japanese consultants/consulting firms only.

The complete Terms of Reference of this Project can be downloaded [here](#).
