

Invitation to undertake Project for Technical Assistance on Developing Bond Market for Cambodia Phases 12 & 13

We are pleased to announce that the selection of consultant/consulting firm to undertake the Project for Technical Assistance on Developing Bond Market for Cambodia Phases 12 & 13, to be funded by the Japan-ASEAN Financial Technical Assistance (JAFTA) Fund, is now open.

The Project for Technical Assistance on Developing Bond Market for Cambodia Phases 12 & 13 will cover the following:

- i. Technical support and knowledge sharing on primary dealer's framework, and secondary market development, including institutional coordination, trading processes, and mechanisms to support the establishment of a liquid and functional secondary market.
- ii. Feasibility report on the development of the OTC market for the government securities.
- iii. Draft regulation to supervise the OTC market operator of the government securities.
- iv. Deal and non-deal roadshows with local and international investors.
- v. Research report about the key factors promoting the secondary market of corporate bonds.
- vi. Training to DGS officials in market sounding, market analysis, assessment reporting, project management, procurement, monitoring and evaluation (M&E), and reporting systems.
- vii. Knowledge sharing on the formulation of investor relations strategy, securities market trends, economic forecasting, policy development, policy analysis models, and identifying policy measures, outputs, and activities.
- viii. Seminar/webinar/workshop(s) on the abovementioned and other relevant topics.

We invite interested consultant's/consulting firms to submit to us a project proposal (not exceeding 5 pages) on the topic together with the relevant C.V.s by **13 April 2026** at the latest. We urge the applicants to come up with professional and innovative ideas to be implemented in this Project. This information can be sent to Mr. Renz Calub (renz.calub@asean.org) and Ms. Amelia Berliani (amelia.berliani@asean.org) with copy to Mr. Marvin Castell (marvin.castell@asean.org).

This job opportunity is available for Japanese consultants/consulting firms only.

The complete Terms of Reference of this Project can be downloaded [here](#).
